Anita Dennis Frontend Developer Intern

Abuja NG | +2349075952290 | anitadennis6969@gmail.com | LinkedIn | Portfolio| Github

SUMMARY

Frontend Developer with hands-on experience building responsive and interactive web interfaces. Skilled in HTML, CSS, JavaScript, React, Python, and modern web tools. I enjoy turning ideas into clean, responsive and functional web experiences. Ready for an internship where I can deliver value while leveling up.

SKILLS

- HTML5
- CSS3
- JavaScript
- React
- Python
- Git/Github
- VScode
- REST APIs
- Responsive Design

PROJECTS

Weather & City Info App — Personal Project
Tech: HTML, CSS, JavaScript (Fetch API), API integration, DOM manipulation
- Built a web application that fetches data from three APIs to display current weather, image and info like location and population about any searched city.
- Implemented a loading animation for fetching the image of the city searched, and also handled any errors that occur.
- Implemented efficient API calls, responsive UI, and user input validation for a smooth search experience.

Portfolio site — Personal Project
Tech: HTML, CSS, JavaScript
- A responsive portfolio website showcasing animations and scroll effects
- Implemented scroll-triggered animations using IntersectionObserver.
- Discovered IIFEs and EmailJs for sending emails.

Snake Game
Tech: Python(Tkinter GUI)
- Built a classic snake game using Python and Tkinter, featuring collision detection, smooth movement and score tracking
- Designed a simple, interactive GUI where players control the snake and collect food while avoiding walls and self-collision.
- Implemented game loop logic, keyboard event handling, dynamic score updates, and made it a standalone program using pyinstaller..

EXPERIENCE

Self-Taught Developer / Student — Remote
2023 - Present
- Built and deployed multiple web projects using HTML, CSS, JavaScript and react focusing on responsive design and clean UI.
- Worked with Git/GitHub for version control, project organization and collaborative workflows.

Software Engineering Apprentice — Hybrid
2023 - Present
- Helped improve and clean up code for websites and landing pages using html and css.
- Explored full stack development and workflows and through hands-on projects.

EDUCATION

Bsc. Chemistry - IBBU Niger — 2023 - Present
